Agenda Item: Nevada Field House Rental, Pass and User Fees

Agenda Item. Nevada Field flouse Kental, Fass and Oser Fed

History:

With the Nevada Field House nearing completion, we are needing to establish user fees. We have conducted quite a bit of research in regards to fees for specific areas in the Field House, however, as program-based facility, we are very unique. We have searched online pass and user fee information from facilities around the area and throughout Iowa and outside the state, we also visited the RecPlex in West Des Moines.

Our goal has always been to provide all citizens the opportunity to utilize the Field House at an affordable cost. With our current pass and fee proposal, we feel as if we have found balance in both usability and affordability. It is important to note that each person (user) will be considered as an individual when purchasing a pass. Family dynamics and our software capabilities are major drivers in transitioning to individual passes for all of our recreational opportunities. Our RecDesk software will allow for the offering of these various passes without issue. Individuals will receive notification when their pass is about to expire.
