

## PROCLAMATION

**Whereas**, across Iowa, clean and readily abundant forms of energy power more homes and businesses than ever before; and

**Whereas**, clean energy is part of America's energy future. It includes generation from renewable sources such as wind, solar, hydro and geothermal sources, but it also includes nuclear, natural gas, and carbon capture technologies as well as energy storage; and

**Whereas**, the clean energy sector is a growing part of the economy and has been a key driver of growth in Iowa in recent years, with nearly 35,659 Iowans currently employed in the clean energy sector; and

**Whereas**, in 2023, wind turbines generated 59% of the Iowa's electricity, the highest wind power share for any state; and

**Whereas**, these jobs cannot be outsourced due to the on-site nature of construction, installation, and maintenance. Clean energy jobs are inherently local and contribute to the growth of local economies; and

**Whereas**, as our country celebrates National Clean Energy Week, I encourage individuals and organizations in Iowa to support commonsense solutions to address America's economic and energy needs in the 21st century. I also encourage municipalities and individuals to implement the cleanest, lowest-emitting energy technologies available;

**NOW, THEREFORE, I, Ryan Condon, Mayor of the City of Nevada, Iowa**, do hereby proclaim September 15-19, 2025 as

### NATIONAL CLEAN ENERGY WEEK

**IN WITNESS WHEREOF**, I have hereunto set my hand and cause the Great Seal of the City of Nevada, Iowa to be affixed this 8<sup>th</sup> day of September, 2025.
